Caro Rotary Club once again is going to host a Group Study Exchange!! This year, the group is from Thailand and there are five team members. The team leader is Mr. Samrerng Virachanang. His vocation is Banking and he is an active member of Rotary District 3350. The team members are Mr. Eakchai Jirawanitcharoen whose vocation is in the food industry in a noodles factory; Ms. Udomsiri Hokuwan, a Sales executive; Ms. Narumon Navicha who is a Customer Service Executive and Ms. Paweena Buakaew, a teacher. They will arrive in the USA on April 5th and will be brought to the Doubletree Hotel in Bay City upon their arrival. Right away the next day, April 6th, (which is a Monday) they will come to Caro!! John Seigner will pick them up in the morning and we are tentatively planning a welcoming ceremony at the Village Hall, lunch at the Medical Care Facility and perhaps a brief tour of one of local businesses in the afternoon. Then we will escort them back to the Doubletree to catch up on their "jet lab" somewhat. We are very pleased to be participating in this process and we hope that all of our Rotarians can be present for lunch on April 6th to welcome them!! Margot

Dear Rotarians,

This year we celebrate our efforts to Make Dreams Real for the children of our communities and our world. We have much to be proud of as Rotarians: we are on the verge of eradicating polio from the world, we provide fresh water for tens of thousands of children, we help the world's children become more literate, we build schools and health clinics, we fight poverty and so much more both on an international scale and here in our home communities. In these challenging economic times no service or humanitarian organization does more for our communities and the world than Rotary. Cindy and I are proud and honored to be Rotarians, particularly in District 6310. We thank you for all you do for Rotary and the children of our communities and of the world. A wise Rotarian from Mt. Pleasant shared the following with me: "Our children are our message to a world we will never know."

Please join us in Bay City on April 24 & 25, 2009 to celebrate our efforts to MAKE
